RE: RoHS Compliance

Thank you for your interest in FJW products.

Concerning RoHS Compliance of FJW Optical Systems, Inc. Products

Article 2 "Scope" in the RoHS directive refers to categories in the Annex 1A of the WEEE directive, stating that items in categories 1 through 7 and category 10 are within the Scope of the RoHS directive.

FJW products, Monitoring Equipment, are not in categories 1 through 7 or in category 10 of Annex 1A of the WEEE directive. Therefore, according to Article 2 of the RoHS directive, FJW products are not within the scope of the RoHS directive and need not be RoHS compliant.

It is estimated that after review category 9, "Monitoring Equipment," will not be exempt circa 2008-2010, therefore we will continue to adjust our product composition to comply with this probable future date.

Please contact us if you have any questions regarding this matter.

Best regards,

Barry D. Durr
Director of Sales & Marketing
FJW Optical Systems, Inc.
Maker of Find-R-Scope® Infrared Viewers
